

Deltek GCS Premier® Consulting

We deliver objectives

Deltek GCS Premier® is specifically designed for small to mid-size companies who conduct business with the U.S. government. It is the leading accounting solution that tracks, records, integrates and disseminates all financial information – by project and across your enterprise, all through one system. As a result of Beason & Nalley's extensive experience in the government contracting industry, we have been selected by Deltek to serve as a Deltek Alliance Partner. This partnership assures that our consultants have the training and expertise to deploy and maintain the Deltek GCS Premier® product.

Benefits to Our Clients

Every government contractor will require a unique implementation of Deltek GCS Premier® and Beason & Nalley has the ability to customize a solution for your particular needs:

Design and Analysis

- Business analysis
- Indirect cost pool design
- Design of project, account, department and division structure
- Integration of flexibility in financial reporting

Implementation

- Deltek GCS Premier® implementation from non-Deltek systems
- Customized reporting solutions

Training

- Core module training
- Customized on-site user training

Our group includes experience with Deltek GCS Premier® applications, as well as, a number of technical infrastructures used to support these financial systems. At Beason & Nalley, *we deliver objectives*.
